Chairman's Message

In our saga of imparting education which began in 1906, the Bearys Institute of Technology (BIT), takes the pride of place. It is heartening to see BIT shaping into a pristine place for technical learning & advancement of knowledge. Our endeavour is to groom BITians to be brilliant engineers who will contribute significantly towards a Progressive, Peaceful & Greener world.

We aim to achieve this, by creating an integrated environment where both Nature and Nurture come together for a complete and meaningful education that is holistic, contemporary and industry oriented. In addition to knowledge development, we strive hard for personal, social and spiritual growth as well. We inculcate a passion for learning and teach students to learn for life and not just study for exams. To this end, we have adopted a perfect balance between knowledge advancement and practical application of mind. This helps our students excel in their chosen field of life.

I am gratified to see our students making their mark not only in MNCs & the Corporate world, but also in Defense, Administrative Services, Business ventures, NGOs among others which testifies to their versatility and entrepreneurship skills.

As BITians become future ready, I personally request you to give an opportunity to our Graduates and I can assure you that they will contribute significantly to your organizations' growth and Success Story.

We seek your continued support and encouragement.

May God bless our endeavour!

Syed Mohamed Beary
Chairman and Managing Trustee
Bearys Academy of Learning

Our endeavour is to groom BITians to be brilliant engineers who will contribute significantly towards a Progressive, Peaceful & Greener world.

Our Vision

To be a world class engineering college; nurture leaders in every field of technology and groom knowledgeable men and women who can significantly contribute to a progressive, peaceful and greener world.

About BIT

BIT, from its inception has been recognized as a futuristic Engineering College.

Even though BIT is young, we have a tradition of imparting education for over 100 years.

Nature + Nurture

All too often we ignore the important lessons that only nature can give us. At BIT we recognise the interconnectedness of nature and nurture. Both must come together for a complete and meaningful education.

Courses offered:

Under Graduate	Post Graduate	Research Program	Polytechnic
B.E	M.Tech	Ph.D	Diploma
Civil Engineering	Computer Science Engineering	Mathematics	Civil Engineering
Computer Science Engineering	Machine Design	Mechanical Engineering	Mechanical Engineering
Electronics & Communication Engineering		Physics	
Mechanical Engineering			
B.Arch			
B.Sc (Honors)			
BCA

3 Hybrid Car designed & developed by Mechanical Engineering students of 2015 - 2016

Training & Placement

Our main objective is to facilitate right placements and guide our students to utilize their potential and pursue a fulfilling career.

- We act as a catalyst between the college and industry.
- We endeavour to bridge any existing gap through regular customized training programs and constant Industry interactions so that our students are future ready.
- In addition to academic merit, we encourage our students to be innovative and consistently pursue excellence.
- We instil values and teach life skills for overall personality development.
- We have a full-fledged team of expert trainers highly skilled and qualified (both internal & external) who have been trained by the best in the industry.
- Our training program imparts excellence in engineering and also promotes talent and innovation.
- Our students have a dual advantage of academic excellence & practical approach.

OBJECTIVE

To Strengthen the skillset of students to match industry requirements

MOUs & Collaboration

- MOU with North Dakota State University (NDSU), USA
- NASSCOM FSIT program at BIT
- IAEA regional evaluation Center for project ENSDF
- BIT - Linux Group Set-up
- IGBC Students Chapter IETE Student Forum
- Indian Air Force FTS Program

and more...

The Advantage

When you visit our campus you will be pleasantly greeted by lush green space and warmth of nature which lends a strong environment orientation.

BITians Advantage

- A stimulating environment most conducive to higher learning.
- Bearys Group's extensive and established network of strong industry partners and associations for over 3 decades.

Advantage for Companies

- BIT is ready to provide a venue and logistic support to facilitate campus drives in Mangalore both at the campus and city.
- Bangalore : We have a distinct advantage of facilitating recruitment drive in Bangalore including Bearys Innomark, Residency Road & BGRT, Whitefield.

We are here to Deliver Excellence...

Facilities

A Seminar hall with full fledged audio-visual facility and a seating capacity for 400 students is in place along with the following:

- Computers with high speed internet connectivity to support 200 students at a time.
- Separate rooms for Written test, Group discussion and Interviews.
- Cafeteria, Guest House, Logistics for Company officials.

Testimonials

"The most dynamic and enthusiastic management and students, I have seen in recent times. I am very happy to see the innovative thoughts shared by the students".
Mr. Lohithashwa T
IBM India

Excellent Faculty, facilities and students
Mr. R R Singh
Head, MRPA & BARC

The Campus & Facilities are impressive. One can feel the energy and growth of the institution and the students.
Ms. Lisa Hawck
North Dakota State University, U.S.A

Institutes commitment is highly commendable and professional organization skills are par excellence. Active participation by faculty members, students & management is highly admirable.
Prof. H S Bhatia
IETE, Bangalore

Great place for getting inspired. Keep it this way.
Prof. K N Karkera
NITK & SCEM

This college has a magnetic attraction with excellence in educational training and expertise
Prof. B S Seshadri
Director, National College, Bangalore

Awesome institution with a heart and close contact with environment. The vision and involvement is marvelous.
Dr. H. Prathap Kumar Shetty
Pondicherry University

It is an inspiration & a devine gift.
Mr. Andrew J Lock
President – Herman Miller International, U.S.A

Beautiful & higly energetic campus. Good for overall development of mind, body and spirit.
Architecture of the building is one of the best I have seen among the engineering college.
Dr. Paul Rodrigues
Principal, DMICE, Chennia

Fantastic setup and organization especially the mission statement.
Prof. Kodi Kandasamy
Malaysia
