## NATIONAL ENERGY CONSERVATION DAY ORGANIZED IN ASSOCIATION WITH KARNATAKA RENEWABLE ENERGY DEVELOPMENT LTD. (KREDL)

**DATE: 14-12-2020 and 01-01-2021 (06 Days)**

### AIM:

To generate awareness among the people about global warming, climate change and promotes ways to save energy resources.

### OBJECTIVE:

The main objective of National Energy Conservation Day is to encourage people to use less energy rather than excessive and extravagant energy. This day is to drive mass awareness about the importance of energy efficiency and conservation.

**REPORT:** Bearys Institute of Technology in association with Karnataka Renewable Energy Development Ltd. (KREDL) organized a seminar on Energy Conservation Day from **14/12/2020 to 01/01/2021**. The event began at 9:30 AM in the International Seminar Hall. The resource for the event is Dr. Mahendra M Dhongadi, HOD of Mechanical Engineering. He said the day focuses on making people aware of global warming and climate change and promotes efforts toward saving energy resources. Energy Conservation Day: With the growth in the population, the requirement for energy is also increasing continuously. The program was witnessed by all the department Heads and faculties. The welcome address was by Dr. Manjur Basha, Principal, BIT. In his speech, he said one of the primary ways to improve energy conservation in buildings is to perform an energy audit. An energy audit is an inspection and analysis of energy use and flows for energy conservation in a building, process, or system with an eye toward reducing energy input without negatively affecting output. In view of this
