ADMINISTRATIVE BLOCK

The Administrative Block is a grand and welcoming space that serves as the first point of contact for visitors, students, and faculty members upon entering the college. The block features a responsive and helpful reception desk that is staffed by knowledgeable individuals who are able to assist with queries and guide visitors to the appropriate offices or departments. The block also includes a comfortable waiting and lounge area, where visitors can relax and wait for their appointments. An electronic display is placed in this area, which keeps viewers informed about the latest developments and achievements of the college. Additionally, the block is adorned with a beautiful garden space at the front, and the entrance is designed with an eco-friendly approach, utilizing glass and other light-passing materials to allow for ample natural light and ventilation. This eliminates the need for artificial light or air conditioning inside the block. The entire Administrative Block is equipped with high-speed internet over LAN and Wi-Fi connectivity, and it is also under 24/7 CCTV surveillance for security purposes.

STAFF ROOM

BIT has several Staff Rooms that are designated for specific departments within the college. These rooms have been designed with the comfort, safety, and convenience of the staff in mind. Each staff member has a designated workstation with a name plate for easy identification, making it simple for students and colleagues to reach out for assistance. Most faculty members have individual cabins with lockable storage and connected desktop workstations, providing access to high-speed internet and shared printers. The Staff Rooms are well-lit and ventilated, and regularly updated notice boards keep staff informed of upcoming activities and important notices. The rooms are strategically located close to lecture halls to minimize commuting time for the staff. Overall, the BIT Staff Rooms are well-organized and equipped to meet the needs of the college's staff members.

Transport Facility

The college offers excellent transportation facility for students and staff in and around Mangalore, with 6 buses operating between the city and surrounding areas such as Surathkal, Bantwal, Puttur, Vitla, and Kasragod. These buses run in the morning and evening, providing convenient travel for over 300 students from the region.

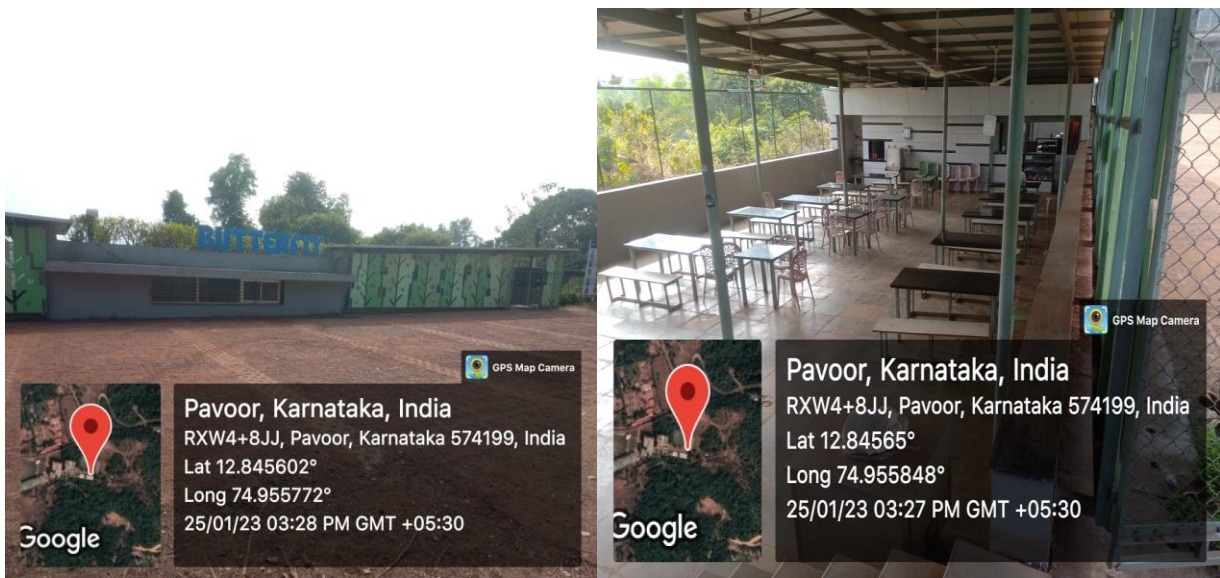

Fig.14: Transport Facility, BIT

CANTEEN

BIT has a well-equipped Canteen with a seating capacity of 100. BIT is very particular about the food and hygiene standards and has a Zero tolerance policy towards lack of hygiene and in the food materials used to prepare wholesome meals and food items. The canteen designed with a butterfly shape and hence named butterfly. Specific care and attention is taken to make and serve Vegetarian and Non-Vegetarian food separately. A separate seating area is designated for the Staff Members. The Canteen is cleaned up multiple times a day to ensure that the seating and surrounding areas are clean and tidy. Administration team conducts quality checks for food and beverages, and stern actions are taken in case of any negligence found in the Kitchen area and the food served.
