Dear Sir/Madam,

With respect to the above, we are herewith enclosing the sanction letter for the projects selected for sponsorship under the 45th series of SPP from your institution. You are hereby requested to communicate the same among the students of the respective projects.

Further, the midterm evaluations will be scheduled from the 2nd week of June 2022 via online mode and the detailed schedule will be announced shortly. The SPP coordinators shall make sure the students are ready with their projects for evaluation by the time.

The hard copy of the sanction letter has already been dispatched to the head of the institute. For any queries, please write us back at spp@kscst.org.in indicating the project reference ID, project title, and name of the institute in the email.

Thanks and regards
Team SPP

Dear Sir/Madam,

Sub : Sanction of Student Project - 45th Series: Year 2021-2022

Project Proposal Reference No. : 45S_BE_1609

Ref : Project Proposal entitled **DELINEATION OF GROUNDWATER POTENTIAL ZONE OF MANGALORE TALUK USING GEOGRAPHICAL INFORMATION SYSTEM AND REMOTE SENSING**

We are pleased to inform that your student project proposal referred above, has been approved by the Council under "Student Project Programme - 45th Series". The project details are as below:

Student(s)	Mr. AHMED SHAQEEQ K M	Department	CIVIL ENGINEERING
	Mr. FAAZIL ABDULLA		
	Ms. K A JAFREEDA		
	Mr. P K UBAIDULLA		
Guide(s)	Mr. BHARATH GOWDA B J	Sanctioned Amount (in Rs.)	7,000.00

Comments / Suggestions of the Experts

Focus is on potential or utilization?

Instructions:

- The project should be performed based on the objectives of the proposal submitted.
- Any changes in the project title, objectives or students team is liable for rejection of the project and your institution shall return the sanctioned funds to KSCST.
- Please quote your project reference number printed above in all your future correspondences.
- After completing the project, 2 to 3 page write-up (synopsis) needs to be uploaded on to the following Google Forms link <https://forms.gle/YMn9K7XETu96i8KbA>. The synopsis should include following:
 - Project Reference Number
 - Title of the project
 - Name of the College & Department

Dear Sir/Madam,

The KREDL wishes to inform you that, the sponsorship amount of Rs.50,000=00 (Rupees fifty thousand only) is credited to the college bank account on 24/12/2021 for celebrating Energy Conservation Week-2021-22 in your college by involving students, faculties, general public, etc.

In this regard, you are requested to conduct energy conservation related activities through debate/quiz/seminar/rally, etc., by duly utilizing the sanctioned amount.

After conducting the programme successfully please submit the following documents (Mandatory) along with a letter addressed to the Managing Director, KREDL.

- 1) Programme report
- 2) Utilization certificate
- 3) Soft copy photos to this office for records and necessary action.

Note: Banner/brochures should have KREDL, BEE and College logos.
Before organizing the programme please be intimate to KREDL for deputing officials.

Please find the attachments for your needful.

Subject: Sanction of sponsorship amount to the college bank account for celebrating "National Energy Conservation Week-2020"

To:

Dear Sir/ Madam,

With reference to the above subject, it is to inform your kindself, that the sponsorship amount of Rs. 40,000=00 (Rs. Forty thousand only) for celebrating "National Energy Conservation Week-2020" has been credited to the bank account on 15/12/2020 which was submitted by the college. In this regard, it is requested to utilize this amount for organizing the rally in the city to create awareness among the public or you may also plan for other activities like seminars, debates, etc., on Energy Conservation & Energy Efficiency by taking appropriate safety measures.

Further, it is requested to share the programme report, newspaper articles if any, photos, bills, fund utilization certificate to this office by post after completion of the programmes

Please find the attached Fund utilization certificate format and tip-sheets on Energy Conservation & Energy Efficiency for your reference and needful.

Thanks & Regards,

**Energy Conservation & Energy Efficiency Section
Karnataka Renewable Energy Development Limited**

Preparation of Alcohol-Based Hand Sanitizer

Prof. Musthafa Khaleel Vi al and Prof. Imran Ulavoor Ahmed

Department of Chemistry Bearys Institute of Technology Mangalore

Objectives:

Alcohol-based hand sanitizer will kill the bacteria/Virus and so many other microbes which may cause deadly disease when it enters in respiratory track as well as mouth.

Introduction:

Hand hygiene is an effective strategy for reducing the global burden of infectious disease, particularly respiratory and gastrointestinal illnesses. Clean hands prevent the spread of pathogens via the fecal-oral route, including the transmission of pathogens from hands to food and drinking. With the demand for hand sanitizers rising in the wake of the coronavirus scare, Department of Chemistry Bearys Institute of Technology has made a low-cost sanitizer meeting WHO guidelines. Two chemistry teachers, are involved in the making of hand sanitizers. Each bottle contains 100 ml sanitizer. We were happy with the result. Many bottles of sanitizers are ready and we are producing more. The bottles will be distributed for free among the locals. After the corona virus scare struck everyone a few days ago, the people of the department went hunting for sanitizers for the safety of the staff, students and locals who have to attend college for administrative work despite the suspension of academic activities. As all shops reported that sanitizers have run out of stock, it is been prepared in the laboratory. Apart from the chemical ingredients available at the lab, other contents such as Isopropyl alcohol and glycerol were procured from market, and the concoction was prepared meeting WHO specifications.

Methodology:

Formulation I:

To produce final concentration of 80% ethanol v/v, glycerol 1.45% v/v, hydrogen peroxide (H_2O_2) 0.125% v/v. Pour into a 1000ml (1dm^3) graduated flask:

- Ethanol 96% v/v, 833.3 ml
- H_2O_2 3%, 41.7 ml
- Glycerol 98%, 14.5ml. few drops of essential oil for fragrance, the mixture is made upto 1000ml by using distilled water or water that has been boiled and cooled shake the flask well for mix the content.

Formulation II:

To produce final concentration of isopropyl alcohol 75% v/v, glycerol 1.45% v/v, hydrogen peroxide (H_2O_2) 0.125% v/v. Pour into a 1000ml (1dm^3) graduated flask:

- isopropyl alcohol 99.8% v/v, 751.5 ml

- b. H₂O₂ 3%, 41.7 ml
- c. Glycerol 98%, 14.5ml. few drops of essential oil for fragrance, the mixture is made upto 1000ml by using distilled water or water that has been boiled and cooled shake the flask well for mix the content.

Requirements (Budget): cost for total 50litre sani zer.

Sl. No.	Chemicals	Cost
1.	Isopropyl alcohol 2.5ltrs*16bo les	1100*8=17600/-
2.	Hydrogen peroxide 2100ml	945/-
3.	Glycerol 1000ml	660/-
4.	Plastic bottles (500unit*10rps= 2500/-)	5000/-
5.	Essen al oil 1000rps for 25ltrs	1000/-
		25,205/-

Conclusion:

Sani zer cost per 100ml is 50.41 rps only which is lesser than sani zer available in market

As there is a high demand for the hand sanitizers it can be produced in large quantity (25ltrs or more) and can be distributed in remote villages, various Govt hospitals, clinics and even in ambulances.

ಬಿಬಿಟಿ-ಬೀಡ್ ವತಿಯಿಂದ ಹ್ಯಾಂಡ್ ಸ್ಯಾನಿಟೈಸರ್ ತಯಾರಿ
