Suggestions/Recommendations, if any:-

there is a gap between what's provided at college what is expected in the industry. more focus on fundamentals are needed. this should be treated as skills needed for job and not just subject to score in exam and forget.

today's students carry a thought process of study for 4 years and then take 6 months training to get job? why can't the training be provided in the curriculum itself.

however, few exceptional cases are there who put additional efforts and learn. The focus must be on improving students skill set and not just marks. College must focus on students upliftment and not just tech papers by the faculty.

ACTION TAKEN REPORT

Sl. No.	Feedback	Action Taken
A	Feedback from students on design and review of syllabus	
I	Syllabus and its Transaction	
	54% students were satisfied with the relevance of the syllabus to their career and personal goals, rating it '4' and '5' on a five-point scale, while 7% students felt that the syllabus was not as relevant to their fulfillment of their career and personal goals.	Being an affiliated college of VTU, BIT follows the syllabus which is framed by the University. During the syllabus review many of the BIT Faculty attended the workshop and suggestions were conveyed to the University authorities after going through the draft syllabus framed by the University.
II	Proper books are not available in Library for certain subjects	The Librarian has been informed to update the library books as per the new scheme.
III	Students given opportunity to give presentation	All Dept. HODs are requested to encourage and to give opportunities for the students to present some topics as seminars in some subjects.
B	Feedback from students on Infrastructure	
I	Games period is required	One hour slot for physical education included in time table per week
II	Tasty and Hygienic cafeteria required	The management of the cafeteria insisted on changing the taste and hygiene and also day scholars are allowed to have food in the hostel mess in a nominal price.
III	Cultural Fest Needed	Due to Covid-19 as there was a restriction in gathering cultural fest was canceled and it has been resumed, Dept. wise cultural fest and college level has been initiated
IV	Drinking water needed in each floor	Water purifiers are installed in every floor.
V	ATM needed	As the institution is located in a rural area, banks are not ready to install ATMs, so in

		all the places debit cards/ UPI transactions are accepted.
VI	Tasty and Hygienic food should be served in cafeteria	The management of the cafeteria insisted on changing the taste and hygiene and also day scholars are allowed to have food in the hostel mess at a nominal price.
C	Feedback from Parents on design and review of syllabus	
I	Proper books are not available in Library for certain subjects	The Librarian has been informed to update the library books as per the new scheme.
II	Cultural Fest Needed	Due to Covid-19 as there was a restriction in gathering cultural fest was canceled and it has been resumed, Dept. wise cultural fest and college level has been initiated
III	Drinking water needed in each floor	
D	Feedback from Alumni on design and review of syllabus	
I	All the pros and cons of every electives from 6th semester with regard to their career has to be discussed with the students, and let the students choose a subject in a democratic manner	HODs suggested to give freedom for the students to select the elective subject, even if the number of students are less.
II	Need to change syllabus, need to focus on skills development. Modern days required Syllabus must include practical and problem solving skills rather than theory.	The college has initiated add-on courses to address these emerging and diverse needs of the students.
E	Feedback from Employer on design and review of syllabus	
I	There is a gap between what's provided at college and what is expected in the industry. More focus on fundamentals are needed. This should be treated as skills needed for a job and not just subject to score in exams and forget.	The college initiated industry relevant topics to enhance the skills of the students.
II	Today's students carry a thought process of study for 4 years and then take 6 months training to get a job? Why can't the training be provided in the curriculum itself?	Subjects like Innovation Design Thinking have been introduced to enhance design skill amongst students, by the University since 2021. Under NEP 2020 many changes are expected from the University with respect to Industrial training.
