# Chairman's Message

In our saga of imparting education which began in 1906, the Bearys Institute of Technology (BIT), takes the pride of place. It is heartening to see BIT shaping into a pristine place for technical learning & advancement of knowledge. Our endeavour is to groom BITians to be brilliant engineers who will contribute significantly towards a Progressive, Peaceful & Greener world.

We aim to achieve this, by creating an integrated environment where both Nature and Nurture come together for a complete and meaningful education that is holistic, contemporary and industry oriented. In addition to knowledge development, we strive hard for personal, social and spiritual growth as well. We inculcate a passion for learning and teach students to learn for life and not just study for exams. To this end, we have adopted a perfect balance between knowledge advancement and practical application of mind. This helps our students excel in their chosen field of life.

I am gratified to see our students making their mark not only in MNCs & the Corporate world, but also in Defense, Administrative Services, Business ventures, NGOs among others which testifies to their versatility and entrepreneurship skills.

As BITians become future ready, I personally request you to give an opportunity to our Graduates and I can assure you that they will contribute significantly to your organizations' growth and Success Story.

We seek your continued support and encouragement.

May God bless our endeavour!

**Syed Mohamed Beary**

Chairman and Managing Trustee  
Bearys Academy of Learning

Our endeavour is to groom BITians to be brilliant engineers who will contribute significantly towards a Progressive, Peaceful & Greener world.

## Our Vision

To be a world class engineering college; nurture leaders in every field of technology and groom knowledgeable men and women who can significantly contribute to a progressive, peaceful and greener world.

# About BIT

BIT, from its inception has been recognized as a futuristic Engineering College.

Even though BIT is young, we have a tradition of imparting education for over 100 years.

## Nature + Nurture

All too often we ignore the important lessons that only nature can give us. At BIT we recognise the interconnectedness of nature and nurture. Both must come together for a complete and meaningful education.

### Courses offered:

Under Graduate	Post Graduate	Research Program	Polytechnic
B.E	M.Tech	Ph.D	Diploma
Civil Engineering	Computer Science Engineering	Mathematics	Civil Engineering
Computer Science Engineering	Machine Design	Mechanical Engineering	Mechanical Engineering
Electronics & Communication Engineering		Physics

# Training & Placement

- 1** BIT Alumni Meet (Dubai Chapter)
- 2** Industrial Visit to UPCL
- 3** Hybrid Car designed & developed by Mechanical Engineering students of 2015 - 2016

Our main objective is to facilitate right placements and guide our students to utilize their potential and pursue a fulfilling career.

- We act as a catalyst between the college and industry.
- We endeavour to bridge any existing gap through regular customized training programs and constant Industry interactions so that our students are future ready.
- In addition to academic merit, we encourage our students to be innovative and consistently pursue excellence.
- We instil values and teach life skills for overall personality development.
- We have a full-fledged team of expert trainers highly skilled and qualified (both internal & external) who have been trained by the best in the industry.
- Our training program imparts excellence in engineering and also promotes talent and innovation.
- Our students have a dual advantage of academic excellence & practical approach.

**OBJECTIVE**  
To Strengthen the skillset  
of students  
to match industry  
requirements

## MOUs & Collaboration

MOU with North Dakota State University (NDSU), USA

NASSCOM FSIT program at BIT

IAEA regional evaluation Center for project ENSDF

BIT - Linux Group Set-up

IGBC Students Chapter IETE Student Forum

Indian Air Force FTS Program

and more...

# The Advantage

When you visit our campus you will be pleasantly greeted by lush green space and warmth of nature which lends a strong environment orientation.

## BITians Advantage

- A stimulating environment most conducive to higher learning.
- Bearys Group's extensive and established network of strong industry partners and associations for over 3 decades.

## Advantage for Companies

- BIT is ready to provide a venue and logistic support to facilitate campus drives in Mangalore both at the campus and city.
- Bangalore : We have a distinct advantage of facilitating recruitment drive in Bangalore including Bearys Innomark, Residency Road & BGRT, Whitefield.

We are here to  
Deliver  
Excellence...

# Facilities

A Seminar hall with full fledged audio-visual facility and a seating capacity for 400 students is in place along with the following:

- Computers with high speed internet connectivity to support 200 students at a time.
- Separate rooms for Written test, Group discussion and Interviews.
- Cafeteria, Guest House, Logistics for Company officials.

# Chairman's Message

In our saga of imparting education which began in 1906, the Bearys Institute of Technology (BIT), takes the pride of place. It is heartening to see BIT shaping into a pristine place for technical learning & advancement of knowledge. Our endeavour is to groom BITians to be brilliant engineers who will contribute significantly towards a Progressive, Peaceful & Greener world.

We aim to achieve this, by creating an integrated environment where both Nature and Nurture come together for a complete and meaningful education that is holistic, contemporary and industry oriented. In addition to knowledge development, we strive hard for personal, social and spiritual growth as well. We inculcate a passion for learning and teach students to learn for life and not just study for exams. To this end, we have adopted a perfect balance between knowledge advancement and practical application of mind. This helps our students excel in their chosen field of life.

I am gratified to see our students making their mark not only in MNCs & the Corporate world, but also in Defense, Administrative Services, Business ventures, NGOs among others which testifies to their versatility and entrepreneurship skills.

As BITians become future ready, I personally request you to give an opportunity to our Graduates and I can assure you that they will contribute significantly to your organizations' growth and Success Story.

We seek your continued support and encouragement.

May God bless our endeavour!

**Syed Mohamed Beary**

Chairman and Managing Trustee  
Bearys Academy of Learning

Our endeavour is to groom BITians to be brilliant engineers who will contribute significantly towards a Progressive, Peaceful & Greener world.

## Our Vision

To be a world class engineering college; nurture leaders in every field of technology and groom knowledgeable men and women who can significantly contribute to a progressive, peaceful and greener world.

# About BIT

BIT, from its inception has been recognized as a futuristic Engineering College.

Even though BIT is young, we have a tradition of imparting education for over 100 years.

## Nature + Nurture

All too often we ignore the important lessons that only nature can give us. At BIT we recognise the interconnectedness of nature and nurture. Both must come together for a complete and meaningful education.

# Training & Placement

Our main objective is to facilitate right placements and guide our students to utilize their potential and pursue a fulfilling career.

- We act as a catalyst between the college and industry.
- We endeavour to bridge any existing gap through regular customized training programs and constant Industry interactions so that our students are future ready.
- In addition to academic merit, we encourage our students to be innovative and consistently pursue excellence.
- We instil values and teach life skills for overall personality development.
- We have a full-fledged team of expert trainers highly skilled and qualified (both internal & external) who have been trained by the best in the industry.
- Our training program imparts excellence in engineering and also promotes talent and innovation.
- Our students have a dual advantage of academic excellence & practical approach.

# The Advantage

When you visit our campus you will be pleasantly greeted by lush green space and warmth of nature which lends a strong environment orientation.

## BITians Advantage

- A stimulating environment most conducive to higher learning.
- Bearys Group's extensive and established network of strong industry partners and associations for over 3 decades.

## Advantage for Companies

- BIT is ready to provide a venue and logistic support to facilitate campus drives in Mangalore both at the campus and city.
- Bangalore : We have a distinct advantage of facilitating recruitment drive in Bangalore including Bearys Innomark, Residency Road & BGRT, Whitefield.

**Our Placement Committee is here to serve you and deliver excellence. Just tell us your requirement and we shall strive hard to give you the best.**

# Facilities

A Seminar hall with full fledged audio-visual facility and a seating capacity for 400 students is in place along with the following:

- Computers with high speed internet connectivity to support 200 students at a time.
- Separate rooms for Written test, Group discussion and Interviews.
- Cafeteria, Guest House, Logistics for Company officials.

# Chairman's Message

By the grace of the Almighty, imparting education has always been an integral part of all Bearys initiatives.

Bearys Institute of Technology (BIT) takes the pride of place. It is very heartening to note that in a short span of 8 years BIT is recognized as one among the premier institutions in Karnataka.

I have always wondered that when our country can produce Managers of high calibre, why not leaders and innovators? We at BIT aspire to make our Institution a Centre of Excellence renowned for producing individuals who will make a difference. We aim to achieve this by focusing on both Nature & Nurture with the application of mind which forms the very foundation of BIT.

We are gratified to see that our students have already made their mark as successful professionals, entrepreneurs, academicians and leaders...

I wish BITians good luck & a great future.  
God Bless.

## **Syed Mohamed Beary**
