Vision

To be a center of excellence in Electronics and Communication Engineering, advancing research, innovation, ethical practice, and sustainable solutions for societal transformation.

Mission

- 1: Foster innovation and research in Electronics and Communication Engineering, to create sustainable solutions addressing real-world and technological challenges.
- 2: Inculcate technical excellence and ethical values to develop competent graduates who contribute as professionals and leaders.
- 3: Promote industry collaboration and community engagement to ensure inclusive development and environmentally conscious engineering practices.
