

Date: 28/08/2025

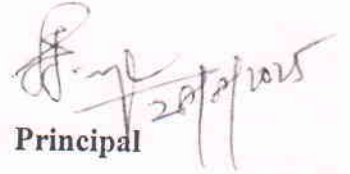

CIRCULAR

BIT and BIT Polytechnic will be celebrating **World Green Building Week 2025** from **8th September to 12th September 2025** by conducting various events. The celebration is aimed at creating awareness on the importance of safeguarding the environment through the promotion of Green Buildings, sustainable development, energy conservation, and the need to promote clean and green cities.

Dr. Purushothama C.T., Professor of Civil Engineering, will serve as the Overall Coordinator for the WGBW celebrations, while Prof. Badruddin P.M., Department of Civil Engineering, BIT, will serve as the Co-Coordinator.

The Coordinators are requested to devise a plan for the various activities of the WGBW celebration. The details should also be published and circulated widely to ensure active participation of students.
